

**Zirconium Yttrium Alloy Sputtering Targets**

Report No.: VIH250113024-1  
Version: 2.1  
Preparation Date: 13/01/2025  
Revision Date: 13/01/2025

**1. Identification of the substance/mixture and of the company/undertaking****1.1 Product identifier**

|              |                         |
|--------------|-------------------------|
| Product Name | Zirconium yttrium alloy |
| Product No.  | 403900ST                |
| Formula      | ZrY                     |
| CAS No.      | /                       |
| Synonyms     | None                    |

**1.2 Relevant identified uses of the substance or mixture and uses advised against**

|                      |                                           |
|----------------------|-------------------------------------------|
| Identified uses      | Laboratory chemicals, Scientific research |
| Uses advised against | Consulting manufacturers                  |

**1.3 Details of the supplier of the safety data sheet**

|              |                                                             |
|--------------|-------------------------------------------------------------|
| Company Name | VI HALBLEITERMATERIAL GmbH                                  |
| Street       | Bergener Straße 14.,                                        |
| City         | Hannover                                                    |
| State        | Niedersachsen                                               |
| Zip Code     | 30625                                                       |
| Country      | Germany                                                     |
| Tel          | 0049 1626484175                                             |
| Email        | info@vimaterial.de                                          |
| Website      | <a href="https://vimaterial.de/">https://vimaterial.de/</a> |

**1.4 Emergency telephone number**

|                   |                 |
|-------------------|-----------------|
| Emergency Phone # | 0049 1626484175 |
|-------------------|-----------------|

**2. Hazards Identification****2.1 Classification of the substance or mixture**

Classification according to Regulation (EC) No 1272/2008 (CLP).

The substance is not classified as hazardous

## 2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008 (CLP).

Not subject to labelling requirements.

## 2.3 Other hazards

According to the results of its assessment, this substance is not a PBT or a vPvB.

This product does not contain any known or suspected endocrine disruptors.

# 3. Composition/information on ingredients

## 3.1 Substances

|                 |           |           |               |
|-----------------|-----------|-----------|---------------|
| Chemical Family | Alloy     |           |               |
| Component       | CAS No.   | EC No.    | Concentration |
| Zirconium (Zr)  | 7440-67-7 | 231-176-9 | 0-100%        |
| Yttrium (Y)     | 7440-65-5 | 231-174-8 | 0-100%        |

# 4. First aid measures

## 4.1 Description of first aid measures

|                   |                                                                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| General Treatment | If symptoms persist, call a physician.                                                                                                            |
| Inhalation        | Remove victim to fresh air. If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions.                |
| Skin              | Take off immediately all contaminated clothing. Rinse skin with water/ shower. Seek medical attention.                                            |
| Eyes              | Rinse with pure water for at least 15 minutes. Remove contact lenses, if present and easy to do. Seek medical attention.                          |
| Ingestion         | Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Seek medical attention if you feel unwell. |

## 4.2 Most important symptoms and effects, both acute and delayed

Most important symptoms and effects, both acute and delayed, are included on labelling (Section 2.2) and in Section 11.

## 4.3 Indication of any immediate medical attention and special treatment needed

|   |                                                                |
|---|----------------------------------------------------------------|
| 1 | Based on the symptoms that appear, provide targeted treatment. |
|---|----------------------------------------------------------------|

|   |                                        |
|---|----------------------------------------|
| 2 | Be aware that symptoms may be delayed. |
|---|----------------------------------------|

## 5. Firefighting Measures

### 5.1 Extinguishing Media

|                                |                                                   |
|--------------------------------|---------------------------------------------------|
| Suitable extinguishing media   | Use CO <sub>2</sub> , sand, extinguishing powder. |
| Unsuitable extinguishing media | Water jet                                         |

### 5.2 Special hazards arising from the substance or mixture

|   |                                                |
|---|------------------------------------------------|
| 1 | Zirconium oxides                               |
| 2 | Yttrium oxides                                 |
| 3 | Emission of toxic fumes under fire conditions. |

### 5.3 Advice for firefighters

|   |                                                                         |
|---|-------------------------------------------------------------------------|
| 1 | Wear self contained breathing apparatus for fire fighting if necessary. |
| 2 | Fight fire from a safe distance and with adequate protection.           |
| 3 | Do not allow firefighting water to enter drains or water courses.       |
| 4 | Collect contaminated firefighting water separately.                     |

## 6. Accidental Release Measures

### 6.1 Personal precautions, protective equipment and emergency procedures

|                             |                                                                                                       |
|-----------------------------|-------------------------------------------------------------------------------------------------------|
| For non-emergency personnel | Remove persons to safety. Use personal protective equipment as required. Ensure adequate ventilation. |
| For emergency responders    | Wear breathing apparatus if exposed to vapours/dust/spray/gases.                                      |

### 6.2 Environmental Precautions

|   |                                                                                                       |
|---|-------------------------------------------------------------------------------------------------------|
| 1 | Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it. |
|---|-------------------------------------------------------------------------------------------------------|

### 6.3 Methods and material for containment and cleaning up

|                                  |                                                    |
|----------------------------------|----------------------------------------------------|
| Advice on how to contain a spill | Covering of drains, Take up mechanically.          |
| Advice on how to clean up        | Take up mechanically. Take care not to raise dust. |

|                                                   |                                                                        |
|---------------------------------------------------|------------------------------------------------------------------------|
| a spill                                           |                                                                        |
| Other information relating to spills and releases | Place in appropriate containers for disposal. Ventilate affected area. |

#### 6.4 Reference to other sections

Refer to protective measures listed in Sections 8 and 13.

## 7. Handling and Storage

### 7.1 Precautions for safe handling

|                  |                                                                                                                                                                                                                                                                                                                  |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Recommendations  | Wear personal protective equipment/face protection. Ensure adequate ventilation. Avoid ingestion and inhalation. Avoid formation of dust. Do not get in eyes, on skin, or on clothing.                                                                                                                           |
| Hygiene Measures | Handle in accordance with good industrial hygiene and safety practice. Keep away from food, drink and animal feeding stuffs. Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing and gloves, including the inside, before re-use. Wash hands before breaks and after work. |

### 7.2 Conditions for safe storage, including any incompatibilities

|                          |                                                                          |
|--------------------------|--------------------------------------------------------------------------|
| Ventilation requirements | Keep containers tightly closed in a dry, cool and well-ventilated place. |
| Storage class            | Class 13                                                                 |
| Incompatible materials   | See section 10.5.                                                        |

### 7.3 Specific end use(s)

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.

## 8. Exposure Controls/Personal Protection

### 8.1 Control parameters

| Substance | CAS No.   | Source                | TWA (8 h)/<br>mg/m <sup>3</sup> | Remarks                                            |
|-----------|-----------|-----------------------|---------------------------------|----------------------------------------------------|
| Zirconium | 7440-67-7 | TRGS 900 (DE)         | 1 (inhalable fraction)          | AGW, Category 2 (inhalable fraction), Zr           |
| Yttrium   | 7440-65-5 | No EU OEL established | -                               | No EU-wide occupational exposure limit established |

Notes:

TWA: Time-weighted average (long-term exposure limit): measured or calculated in relation to a reference period of 8 hours time-weighted average (unless otherwise specified)

## 8.2 Exposure controls

### Appropriate engineering controls

No specific ventilation requirements.

### Personal protective equipment

#### Eye/face protection

Wear safety glasses with side shields (or goggles) (European standard - EN166) and face protection.

#### Skin protection

-Hand Protection

Protective gloves (The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.)

-Other protection measures

Wear appropriate protective gloves and clothing to prevent skin exposure. Wash hands thoroughly after handling.

### Respiratory Protection

When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

To protect the wearer, respiratory protective equipment must be the correct fit and be used and maintained properly.

|                                   |                                                                                                                                                                                                                                                                                   |
|-----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Large scale/emergency use</b>  | Use a NIOSH/MSHA or European Standard EN 136 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced<br>Recommended Filter type: Particulates filter conforming to EN 143                                                          |
| <b>Small scale/Laboratory use</b> | Use a NIOSH/MSHA or European Standard EN 149:2001 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced.<br>Recommended half mask:- Particle filtering: EN149:2001<br>When RPE is used a face piece Fit Test should be conducted |

### Hygiene Measures

Handle in accordance with good industrial hygiene and safety practice.

### Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

## 9. Physical and Chemical Characteristics

### 9.1 Information on basic physical and chemical properties

|                                         |                   |
|-----------------------------------------|-------------------|
| Physical State                          | Solid             |
| Colour                                  | Silver grey       |
| Odor                                    | Odorless          |
| Melting Point/Range                     | No data available |
| Boiling Point/Range                     | No data available |
| Flammability (liquid)                   | Not applicable    |
| Flammability (solid, gas)               | No data available |
| Explosion limits                        | No data available |
| Flash Point                             | No data available |
| Autoignition Temperature                | No data available |
| Decomposition Temperature               | No data available |
| pH                                      | No data available |
| Viscosity                               | Not applicable    |
| Water Solubility                        | Insoluble         |
| Solubility in other solvents            | No data available |
| Partition Coefficient (n-octanol/water) | No data available |
| Vapor Pressure                          | No data available |
| Density / Specific Gravity              | No data available |
| Vapor Density                           | Not applicable    |
| Particle characteristics                | No data available |

### 9.2 Other information

|                   |                        |
|-------------------|------------------------|
| Molecular formula | ZrY                    |
| Molecular weight  | No data available      |
| Evaporation Rate  | Not applicable - Solid |

## 10. Stability and reactivity

### 10.1 Reactivity

None known, based on information available.

### 10.2 Chemical stability

Stable under recommended storage conditions.

### 10.3 Possibility of hazardous reactions

**Hazardous Polymerization:** No information available

**Hazardous Reactions:** No information available

#### 10.4 Conditions to avoid

Air, Water/moisture, Acids, Halogens, Acid chlorides, phosphorus, Oxygen, Oxidizing agents

#### 10.5 Incompatible materials

Oxidizing agents

#### 10.6 Hazardous decomposition products

In the event of fire: see section 5

---

### 11. Toxicological information

#### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                                   |                                                           |                    |
|-----------------------------------|-----------------------------------------------------------|--------------------|
| Acute toxicity                    | Oral:                                                     | No data available. |
|                                   | Dermal:                                                   | No data available. |
|                                   | Inhalation:                                               | No data available. |
| Skin corrosion/irritation         | No data available.                                        |                    |
| Serious eye damage/irritation     | No data available.                                        |                    |
| Respiratory or skin sensitization | Respiratory                                               | No data available. |
|                                   | Skin                                                      | No data available. |
| Germ cell mutagenicity            | No data available.                                        |                    |
| Carcinogenicity                   | No data available.                                        |                    |
|                                   | There are no known carcinogenic chemicals in this product |                    |
| Reproductive toxicity             | No data available.                                        |                    |
| STOT - single exposure            | No data available.                                        |                    |
| STOT - repeated exposure          | No data available.                                        |                    |
| Aspiration hazard                 | Not applicable. Solid                                     |                    |

#### 11.2 Information on other hazards

**Endocrine Disrupting Properties:** Assess endocrine disrupting properties for human health. This product does not contain any known or suspected endocrine disruptors.

---

### 12. Ecological Information

#### 12.1 Toxicity

|                  |                    |
|------------------|--------------------|
| Toxicity to fish | No data available. |
|------------------|--------------------|

#### 12.2 Persistence and degradability

|             |                    |
|-------------|--------------------|
| Persistence | No data available. |
|-------------|--------------------|

|               |                    |
|---------------|--------------------|
| Degradability | No data available. |
|---------------|--------------------|

### 12.3 Bioaccumulative potential

|                           |                    |
|---------------------------|--------------------|
| Bioaccumulative potential | No data available. |
|---------------------------|--------------------|

### 12.4 Mobility in soil

|                  |                    |
|------------------|--------------------|
| Mobility in soil | No data available. |
|------------------|--------------------|

### 12.5 Results of PBT and vPvB assessment

|                                    |                                                                                                        |
|------------------------------------|--------------------------------------------------------------------------------------------------------|
| Results of PBT and vPvB assessment | In accordance with Annex XIII of the REACH Regulation, inorganic substances do not require assessment. |
|------------------------------------|--------------------------------------------------------------------------------------------------------|

### 12.6 Endocrine disrupting properties

|                                 |                                                                            |
|---------------------------------|----------------------------------------------------------------------------|
| Endocrine Disruptor Information | This product does not contain any known or suspected endocrine disruptors. |
|---------------------------------|----------------------------------------------------------------------------|

### 12.7 Other adverse effects

|                              |                                                                |
|------------------------------|----------------------------------------------------------------|
| Persistent Organic Pollutant | This product does not contain any known or suspected substance |
| Ozone Depletion Potential    | This product does not contain any known or suspected substance |

## 13. Disposal Considerations

### 13.1 Waste treatment methods

Dispose of in accordance with all applicable local and national regulations. Use recovery/recycling where feasible, otherwise incineration is the recommended method of disposal. Empty containers may contain hazardous residues. Do not cut, puncture or weld on or near to the container. Labels should not be removed from containers until they have been cleaned. Contaminated containers must not be treated as household waste. Containers should be cleaned by appropriate methods and then re-used or disposed of by landfill or incineration as appropriate. Do not incinerate closed containers.

## 14. Transport information

### IMDG

|                                  |                                            |
|----------------------------------|--------------------------------------------|
| 14.1. UN number                  | Not applicable                             |
| 14.2. UN Proper shipping name    | Not classified as hazardous for transport. |
| 14.3. Transport hazard class(es) | Not applicable                             |

|                              |                |
|------------------------------|----------------|
| <b>14.4. Packaging group</b> | Not applicable |
|------------------------------|----------------|

#### ADR/RID/ADN

|                                         |                                            |
|-----------------------------------------|--------------------------------------------|
| <b>14.1. UN number</b>                  | Not applicable                             |
| <b>14.2. UN Proper shipping name</b>    | Not classified as hazardous for transport. |
| <b>14.3. Transport hazard class(es)</b> | Not applicable                             |
| <b>14.4. Packaging group</b>            | Not applicable                             |

#### ICAO-IATA/DGR

|                                         |                                            |
|-----------------------------------------|--------------------------------------------|
| <b>14.1. UN number</b>                  | Not applicable                             |
| <b>14.2. UN Proper shipping name</b>    | Not classified as hazardous for transport. |
| <b>14.3. Transport hazard class(es)</b> | Not applicable                             |
| <b>14.4. Packaging group</b>            | Not applicable                             |

|                                                                      |                                 |
|----------------------------------------------------------------------|---------------------------------|
| <b>14.5. Environmental hazards</b>                                   | No hazards identified           |
| <b>14.6. Special precautions for user</b>                            | No special precautions required |
| <b>14.7. Maritime transport in bulk according to IMO instruments</b> | Not applicable, packaged goods  |

## 15. Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

This Safety Data Sheet is prepared in accordance with Commission Regulation (EC) 1907/2006, amended by Commission Regulation (EU) 2020/878.

#### Authorisations/Restrictions

|                                                                                                                                              |                                                                 |
|----------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------|
| Regulation (EC) 1907/2006, REACH, Annex XIV list of substances subject to authorisation:                                                     | Not applicable                                                  |
| Regulation (EC) 1907/2006, REACH, Annex XVII restrictions on the manufacture, placing on the market and use of certain dangerous substances: | Use restricted. See item 75. (see link for restriction details) |
| Regulation (EC) 1005/2009 on substances that deplete the ozone layer:                                                                        | Not applicable                                                  |
| Regulation (EC) 850/2004 on persistent organic pollutants, amended by (EU) No 2019/1021:                                                     | Not applicable                                                  |
